- Predmet pravnog istraživanja bira se u okviru obveznih kolegija
- Student upisuje pravno istraživanje i diplomski rad sukladno odredbama Pravilnika o pravnom istraživanju i diplomskom radu

**POPIS KOLEGIJA NA KOJIMA SE NASTAVA IZVODI NA ENGLLESKOM JEZIKU**

**U AK. GODINI 2022./2023.**

**ZIMSKI SEMESTAR**

**HISTORY OF LAW AND STATE**

**ECTS: 8**

**Course coordinators:** Full Prof. Željko Bartulović, Full Prof. Budislav Vukas,

**Course objectives:**

The general goal of the Course “History of Law and State” is to present a basic knowledge of the features of Croatian legal history, comparing it with the European Context. The student will develop his/her writing skills in English (in the preliminary seminar in which he/she represents the chosen legal and historical issues from his/her national legal history whit Croatian context). The student should present the seminar result at a lecture or seminar lessen. In the Final exam the student will show the competences of written answers to the presented questions, developing comparative legal dimension.

**Course descriptions:**

The general content of the subject is focused on the development of the Croatian state (statehood) and the Croatian Law in the European Context. The development of the Croatian state in the Middle Ages, some institutes of Croatian medieval Law, and the development of the Croatian countries in the 19<sup>th</sup> and 20<sup>th</sup> century will be elaborated in the first part of the Lectures. Special emphasis of the second part of the Lectures will be placed on the modern and contemporary Croatian states and legal History in the 20<sup>th</sup> century and on the establishing of the independent Republic of Croatian in the 1990<sup>th</sup>.

The Students who have not passed a subject or topics regarding the issues on the general legal history, on their home Faculties, are obligated to prepare the topics on the general Legal History (The old, middle and modern era). The focus of the legal-historical system will be placed on those states and the Law Systems that most subtly represent a particular historical period and form the basis of the legal culture.

**CONTEMPORARY HISTORY OF LEGAL AND POLITICAL INSTITUTIONS**

**ECTS: 5**

**Course coordinators:** Full Prof. Željko Bartulović, Full Prof. Budislav Vukas,

**Course objectives:**

The student will develop his/her writing skills in English (in the preliminary seminar in which he/she represents the chosen legal and historical issues from his/her contemporary national legal history, or some aspect of the International Law History from the point of view of his/her national arguments. The student should present the seminar results at a lecture or seminar lesson, and to attempt a selected lessons. In the Final exam the student will show the competences of written answers to the presented questions, developing comparative legal dimension.

**Course descriptions:**

1. The international order and Institutions in the 18th and 19th Century
2. International relations and institutions up to the end of World War I. (1899. – 1918.)
3. The inter war Period – a political framework
4. The League of Nations
5. The Cold War period and the foundations of the United Nations
6. The summary data of born and beginning of the European Integrations and Institutions
7. The Post Cold War Period
8. The phenomenon of the “Croatian Statehood” in the Croatian History
9. The genesis of Croatian national institution in the 19th and 20th Century – The Croatian Diet (Sabor), and the autonomy
10. The general characteristics of the Yugoslav state
11. The Major Constitutional Decision of the Croatian Parliament (Sabor) in 1991 – Toward the Establishment of Croatian Statehood
12. The international Recognition of the Republic of Croatia and its new Challenges
13. The Yugoslav dissolution and the question of succession
14. The Challenges of regional cooperation.

**LEGAL ENGLISH I**

**ECTS: 4**

**Course Coordinator:** Ivana Edmonds, Lecturer

**Course objectives:**

The main course objectives are to develop language competence as well as to acquire knowledge of different legal systems. The course is also aimed at acquainting students with the language of legal documents (*legalese*) and increasing comprehension of legal texts in English.

**Course content:**

IZVEDBENI NASTAVNI PLAN  
ak. god. 2022./23.

Unit 1 – A Career in Law (A career in law, Law firms, Law courses, Graduate recruitment programme, Structuring a presentation)

Unit 2 – The Practice of Law (Branches of Law, Types of laws, Types of courts, Persons in court, Documents in court, Legal Latin, Legal Profession)

Unit 3 – Legal Profession (Working in Law, Making a Claim in the Civil Court, Solicitors and Barristers, Letter Writing, Importance of Collocations and Prepositions)

2. Lektion: Juristenausbildung und juristische Berufe in Deutschland: das Studium der Rechtswissenschaften an juristischen Fakultäten in Deutschland; Adjektivendungen
3. Lektion: Verfassungsrechtliche Grundlagen der Republik Kroatien; Wandelung erweiterter Partizipien in Nebensätze
4. Lektion: Die Bundesrepublik Deutschland als föderativer Staat; Bildung des Passivs
5. Lektion: Die Grundrechte im deutschen Grundgesetz: Infinitivsätze mit zu + Infinitiv

## LEGAL ENGLISH III

ECTS: 4

**Course Coordinator:** Assist. Prof. Martina Bajčić

### **Course objectives:**

This course focuses on legal English. Some of the objectives of this course are to demarcate the notion of legal English (common law vs. continental legal system vs. EU English-Eurolect) and enable students to use English for the purpose of legal communication. Special attention is devoted to legal terminology.

**Course content:**

- Criminal law (crime; criminal liability)
- Death and the law (abortion, death penalty and physician-assisted suicide)
- Family law (marriage, divorce)
- Tort law (case law analysis; torts in the popular culture)
- Contract law (case law analysis)

## RECHTSDEUTSCH III

**ECTS: 4**

**Course Coordinator:** Assist. Prof. Martina Bajčić

**Course objectives:**

This course focuses on legal German. Some of the objectives of this course are to raise awareness of the importance of precise legal terminology in German in order to train students to use German legal terms for the purpose of legal communication. Special attention is devoted to legal terminology. Pre-requisites: advanced knowledge (B or C) of German.

**Course content:**

- Vollmachten nach dem BGB
- Rechtsgeschäfte (beschränkte Geschäftsfähigkeit nach deutschem Recht)
- Vertragliche Schuldverhältnisse I (Mietvertragsanalyse)
- Vertragliche Schuldverhältnisse II (Vertragsanfechtung)
- Gesetzliche Schuldverhältnisse (Haftpflichtrecht, ZPO)

## INTERNATIONAL LAW

**ECTS: 8**

**Course Coordinators:** Prof. Vesna Crnić-Grotić, Prof. Sandra Fabijanić Gagro, Assoc. Prof. Petra Perišić

**Course objectives:**

The objectives of this course are acquiring basic knowledge on international law, its characteristics, rules and institutes, which is the precondition for understanding the interrelation of its particular parts, as well as the relation between national and international law.

**Course content:**

*Sources of the international law:* The Law of the Treaties; International Customary Law. General Principles of Law. *International law and Municipal Law:* Differences between Monistic and Dualistic Schools. *International Personality:* States. Recognition of States and Governments. Effect of Non-Recognition. International Organizations. The position of individuals. Other entities. *Territory:* Occupation. Prescription. Conquest. Cession. Accretion and Avulsion. New States. Polar Regions. Airspace. Outer Space. *Jurisdiction:* Extradition. Double Jeopardy. Immunity from Jurisdiction. *The Law of the Sea:* Territorial Sea. High Seas. Exclusive Economic Zone. Continental Shelf. Deep Sea-Bed. *State Responsibility:* Nature of Liability. Treatment of Aliens. State Responsibility for the Environment. *Human Rights:* Development. The role of the UN. Human Rights and International Criminal Law. *The Use of Force:* Development before and after 1945. Humanitarian Law. *Arbitration and Judicial Settlement of International Disputes:* Arbitration. International Court of Justice.

## EUROPEAN LAW II

**ECTS: 7**

**Course coordinators:** Assoc. Prof. Vlatka Butorac Malnar

Building on the basic knowledge on European public law, this course is aimed at fostering students' understanding and knowledge on the European private law. More specifically, this course enables students to develop ability of critical thinking about horizontal issues such as EU competences to adopt private law legislation, unification and harmonization of private law, relationship between national and EU private law. The main topics this course is focused on are obligations, including consumer protection law and e-commerce, digital market, and rights *in rem*. The case-study method teaches students how to efficiently use legal sources in solving practical cases.

## ENFORCEMENT LAW

**ECTS: 6**

**Course Coordinators:** Full Prof. Eduard Kunštek

**Course objectives:**

~~To understand and familiarize with the function of enforcement procedure and the procedure of securing (civil and commercial) claims, know and explain the basic principles of enforcement law and its individual institutes, interpret relevant legal provisions and apply the acquired knowledge in practice.~~

**Course contents:**

~~The concept of the enforcement system and the subject of this legal discipline; relationship with other legal disciplines; development of the enforcement system; stages of enforcement procedure (initiation, decisions, legal remedies); counter enforcement; enforceable documents; credible documents; role of public notaries; postponement, suspension and termination of enforcement proceedings; special enforcement rules with regard to the object of enforcement; securing the claims.~~

## EUROPEAN PRIVATE INTERNATIONAL LAW

**ECTS: 6**

**Course coordinators:** Assist. Prof. Danijela Vrbljanac

Private international law plays extremely important role within the European Union legal system because it is considered to be one of the fundamental factors in achieving the efficiency in the internal market. In this course students examine EU solutions to private international law issues: international jurisdiction of the courts, applicability of the country's law and recognition/enforcement of foreign decisions. General and specific knowledge on European private international law is passed on to students and they are trained in practical implementation of this knowledge.

## INTERNET LAW

**ECTS: 6**

**Course coordinators:** Full Prof. Ivana Kunda

Legal issues related to internet are part of the legal culture of every successful young lawyer. These issues range from contracts and torts to human rights and criminal law. With reference to the Digital Single Market in EU, exciting topics such as geoblocking, portability, hyperlinking and intermediary liability are discussed in this course. Students will also have to learn some of the basic concepts related to the underlying technology. The aim is to enable students to develop skills need for practical application of the legal principles and rules relevant to this area of law.

## CONSUMER PROTECTION LAW

**ECTS: 6**

**Course coordinators:** ~~Full Prof. Ivana Kunda, Assoc. Prof. Vlatka Butorac Malnar, Assoc. Prof. Emilia Mišćenić, Assist. Prof. Danijela Vrbljanac~~

~~Consumer protection has been the area of intense activity of the EU legislators for a long period of time. Coupled with the CJEU interpretative judgments it is now a respectable segment of EU law. Acting a consumers on daily basis, we find ourselves in situations in which we might need protection. The course is designed to develop students' ability of defining and describing institutes and fundamental concepts of consumer protection law, and comparing and analysing the relation between EU and national consumer protection laws. The students should be able to solve practical problems by making references to relevant legal sources.~~

## EUROPEAN FAMILY LAW

**ECTS: 6**

**Course Coordinators:** Full Prof. Nenad Hlača; Assoc. Prof. Sandra Winkler

### **Course objectives:**

Family law has an increasing importance in the contemporary EU Law. This course tackles fundamental issues related to family relationships. The main goal of the course is to stimulate a multidisciplinary approach to the analysed topics. This course will give to the students the possibility to compare single national legislations, the jurisprudence of the European Courts (Court of Justice of the European Union and European Court of Human Rights) and the EU law, in order to recognize the newest trends in the process of the Europeanization of Family law. Students will also acquire skills in independent study as well as in the use of available electronic data basis on the topic.

### **Course contents:**

1. Introduction. The process of Europeanization of Family law. Analysis of the *pro et contra* positions regarding the harmonisation and the eventual unification of the family law in EU.  
2. Analysis of EU legal sources (hard law and soft law). European Union: Treaties and Charter on fundamental rights. Relevant Regulations and Directives. Principles of European family Law. Brief analysis of some International legal sources (Counsel of Europe: European Convention on human rights and fundamental freedoms) in order to compare with the EU primary law.  
3. Family law institutes in the light of the European law. a) The concept and meaning of "family" in Europe and the notion of "family life". b) Civil status of the EU citizens. c) Family Reunification and free movement. d) Marriage. d) Extramarital union. d) Relationship between parents and children. e) Children's rights. f) Adoption. g) Guardianship. h) Property Regimes in the family.  
4. Case law.

## INTELLECTUAL PROPERTY LAW

**ECTS: 7**

**Course coordinators:** Full Prof. Ivana Kunda

Intellectual property has an ever increasing importance in the contemporary world, especially in business environment. This course tackles fundamental issues related to intellectual property, with special emphasis on copyright and neighbouring rights, trademarks, industrial design, patent and unfair competition. In addition to examining issues concerned with the structure of legal sources, this course provides an insight into the purposes, protection and transactions related to particular types of intellectual property rights. This necessitates detailed theoretical and practical study. Therefore, students are taught in general and special topics of intellectual property law and are trained to become skilled in practical application of this knowledge.

## INTERNATIONAL LAW OF HUMAN RIGHTS

**ECTS: 6**

**Course Coordinators:** Full Prof. Vesna Crnić-Grotić, Assoc. Prof. Maša Marochini Zrinski

### **Course objectives:**

~~Students will acquire appropriate knowledge on the protection of human rights based on the United Nations instruments, as well as on the African, American and European instruments, and the practice of international and regional bodies. Students will acquire competence in independent study as well as in the use of available electronic data basis on the topic.~~

### **Course content:**

#### ~~I. INTRODUCTION~~

~~Historical development of international human rights protection; Work of the League of Nations; Charter of the UN;~~

#### ~~II. UNIVERSAL PROTECTION OF HUMAN RIGHTS~~

~~Creation and characteristics of Universal Declaration of Human Rights; International Covenant for Civil and Political Rights; Optional protocols to ICCPR; International Covenant for Economic, Social and Cultural Rights; Separate UN treaties on human rights.~~

#### ~~III. INTERNATIONAL MONITORING SYSTEMS~~

~~Human Rights Committee; Committee under ICESCR; Charter bodies of the UN; Monitoring treaty bodies~~

#### ~~IV. REGIONAL HUMAN RIGHTS SYSTEMS~~

~~Council of Europe; Organisation of American States; African Union~~

#### ~~V. RIGHTS AND FREEDOMS GUARANTEED BY INTERNATIONAL LAW~~

## INTERNATIONAL FINANCIAL LAW/TAX LAW

**ECTS: 6**

**Course Coordinator:** Full Prof. Nataša Žunić Kovačević; Assist. Prof. Stjepan Gadžo

### **Course objectives:**

The course is intended to provide students with an understanding of international financial law, which involves a myriad of complex issues, including international financial institutions, double taxation conventions and EU tax law and fiscal policy. The course will analyse international and European financial institutions (e.g. International Monetary Fund, World Bank) and their impact on a global level. Furthermore, various rules that govern the taxation of cross-border income will be analysed, including heterogeneous sources of international tax law. Attention will be also paid to selected topics that dominate current scholarly and political debates on international tax, including the future of international tax governance, cross-border administrative co-operation in tax matters, taxation of digital economy etc. The European dimension of international financial law will be addressed primarily of EU law sources dealing with taxation and fiscal policy.

By the end of the course, the students should be able to:

- i. — Define and explain basic principles and elements of international financial law;
- ii. — Explain the objectives of international tax law;
- iii. — Define, analyse and explain the impact of international and European tax law on national financial systems;
- iv. — Analyse the interaction of different sources of international tax law;
- v. — Evaluate and explain the different options available for resolving double taxation;
- vi. — Evaluate, explain and compare the basic principles applicable to the taxation of inbound and outbound transactions;
- vii. — Analyse European fiscal policy;
- viii. — Define and distinguish the elements of tax harmonization in the European Union

### **Course content:**

- I. — Fundamentals of international financial law
- II. — Role of international and European financial institutions
- III. — Sources of international tax law
- IV. — Avoidance of double taxation of cross-border income
- V. — Fiscal system and fiscal policy of the European Union
- VI. — Fundamentals of EU tax law

## JUVENILE CRIMINAL LAW

**ECTS: 6**

**Course Coordinator:** Assoc. Prof. Dalida Rittossa

### **Course objectives:**

More than a hundred years ago, the sociological school of criminal law around Franz von Liszt promoted the idea that a correct response to juvenile delinquency should be upbringing and education of young offenders carried through special non-punitive disciplinary measures. The rehabilitative idea was almost immediately embraced and further developed by criminal law scholars, implemented in national legal systems and has been evolving ever since. Due to this evolution, in most countries the juvenile justice system has become a separate, individual subsystem governed by a special set of criminal substantive and procedural norms. The main course objectives are, therefore, to explore basic principles that govern and lay the foundation of Juvenile Criminal Law and analyse the implementation of international standards on juvenile justice into national legal systems in comparative perspective. During the course lectures, students will also gain knowledge and insight about accepted normative solutions in Croatian juvenile justice system and will have a possibility to present the crucial features of the said system in their respective countries.

### **Course contents:**

1. Introductory information on juvenile delinquency
  - 1. 1. What is juvenile delinquency?
  - 1. 2. Legal and socio-political context associated with the juvenile delinquency
  - 1. 3. Criminological aspects of juvenile delinquency
2. Historical development of a separate legal position of juvenile offenders
3. International standards on juvenile justice
4. Basic principles of Juvenile Criminal Law
5. Juvenile sanctions
  - 5. 1. Historical development of separate sanctions for juvenile offenders
  - 5. 2. Division and types of juvenile sanctions
  - 5. 3. Criteria for selection and implementation of juvenile sanctions
6. Juvenile Justice Services
  - 6. 1. Organisation of juvenile justice services within the court and/or administrative system
  - 6. 2. Composition and jurisdiction of juvenile courts—
7. Juvenile criminal procedure
  - 7. 1. Juveniles' rights in juvenile criminal procedure
  - 7. 2. Pre-trial processes, deprivation of liberty and trial of juveniles in conflict with the law
  - 7. 3. Juvenile Diversion
8. Extensive application of juvenile justice laws to young adults and child victims
9. Juvenile justice standards in European Court for Human Rights case law

## SPORTS LAW (Online course)

ECTS: 6

**Course Coordinator:** Assoc. Prof. Vanja Smokvina

### **Course objectives:**

The aim of the course is to acquaint students with the basics of sports law and the multidisciplinary of the field in which law and sport intertwine. In this sense, students will be introduced to the general provisions on the place of sports in the national, European and International legal system. Students will also be introduced to the following categories: persons in sports (natural and legal persons), employment status of coaches and athletes, liability for damage in sports, sports financing, misdemeanor and criminal liability in sports, sports arbitration, etc. Special attention will be given to Case-Law of the CJEU, the European Court of Human Rights and the Court of Arbitration for Sport.

### **Course contents:**

- I. Introduction to Sports Law
- II. The sports system (National, European and International)
- III. The European Model of Sport
- IV. EU Policy on Sports
- V. CJEU and Sports
- VI. Professional Football Club's organisation (guest lectures at the HNK Rijeka)
- VII. Case-Law of the European Court of Human Rights
- VIII. Case-Law of the Court of Arbitration for Sport.
- IX. Doping
- X. Financing Sport in the Europe and in the North-America
- XI. Criminal Law in Sports

## CLINIC FOR ARBITRATION AND VIRTUAL TRIAL (Hybrid course)

ECTS: 6

**Course Coordinator:** Assoc. Prof. Vanja Smokvina, Full Prof. Vesna Crnić-Grotić, Full Prof. Nataša Žunić-Kovačević, Full Prof. Eduard Kunštek

### **Course objectives:**

The aim of the course is to enable students to monitor and actively participate in an arbitration procedure before a Swiss arbitral tribunal (eg Court of Arbitration for Sport) from the very beginning until the ruling and to enable students to consider the procedure before the Swiss Federal Court and the European Court of Human Rights. Students will

actively participate in the creation of the case itself and its implementation under the mentorship of teachers and foreign guest practitioners from. Finally, special emphasis will be placed on their preparation to represent the parties to the dispute or to conduct the arbitration proceedings and to participate in the final decision. The entire course will take place in a hybrid form and will represent one virtual arbitration procedure.

**Course contents:**

1. Introduction to arbitration proceedings
2. European Convention on Human Rights and Arbitration
3. Swiss civil litigation
4. Swiss arbitration proceedings
5. Preparation of submissions
6. Preparation of a summary presentation
7. Conduct of arbitration proceedings in Switzerland (example proceedings before CAS)
8. Legal remedies

## Rhetoric and Oratory in Law (Hybrid course)

**ECTS: 6**

**Course Coordinator:** Assist. Prof. Matija Miloš, Assist. Prof. Art. Valentina Lončarić, Assist. Prof. Maja Opašić

**Course objectives:**

The basic goal of the course is to enable final year students to improve their rhetorical competencies, especially in the context of oral argumentation. In this sense, in addition to the basics of rhetoric and a more detailed consideration of legal rhetoric, students will be introduced to the basic techniques of thinking and developing their own oral expression. Thus, although the emphasis will be placed mainly on rhetoric as a skill of argumentation, the course will thus fall into eloquence. In addition to this practical purpose, the course aims to provide students with the space to, at the end of their studies, confront legal rhetoric with features of rhetoric that are considered illegal and thus reflect on the specifics of the discipline for which they were educated.

**Course contents:**

1. Introduction to rhetoric, with special reference to the theory of argumentation
2. The place of oral argumentation in rhetoric

IZVEDBENI NASTAVNI PLAN  
ak. god. 2022./23.

3. Legal rhetoric
4. Peculiarities of rhetoric in certain legal processes
5. General topos and legal topos
6. Argumental errors in law
7. The notion of a rhetorical situation and its components in law
8. Consideration of the components of the rhetorical situation in designing an oral presentation
9. Problems of perfecting speech expression in speech expressions in law
10. Stages and techniques of preparation of oral presentation
11. Awareness of the connection between voice, speech and movement
12. Critical consideration of the limits of legal rhetoric

## SUMMER SEMESTER

### ROMAN PRIVATE LAW

ECTS: 8

**Course Coordinators:** Full Prof. dr. Anamari Petranović; Assist. Prof. Ines Matić Matešković

#### Course content

- Introduction
- Historical development
- Pattern of genesis referring the institutes of Roman private law; Historical development
- Law of Persons
- Family Law (*patria potestas* / *matrimonium*)
- Possession and property Law (Introduction)
  - Property Rights
- Law of Obligations (Introduction)
  - Sources / individual obligations (*delict*, *contract*, *quasi-delict* and *quasi-contract* obligations)
- Succession.
- Civil Procedure
- Roman law in Post-Roman (European) legal development

#### Expected course learning outcomes

To articulate the comprehension of legal segments and sources of law (history of Roman law pattern - significance in a comparative perspective):

- perception of individual institutions of Roman private law in chronological arc of modifications depending on particular periods of Roman law history and the development of *ius civile*, *ius gentium*, *ius honorarium*;
- to confirm (addressing the practical problem) the conceptual knowledge of different categories of Roman (private) law (law of persons – family/marriage; the law of property and possession; *delict* /*contract*/ *quasi-delict*/*quasi-contract* obligations, the law of succession, the law of procedure - interconnection of the basic elements and the argumentation of the principles of Roman private law);
- to explain the basic directions of development in post-Justinian reception of Roman law (law schools) – the significance of the Roman solutions and further relation to the perception of modern Croatian/European) law pattern.

## STATE AND LEGAL HISTORY OF RIJEKA

**ECTS: 5**

**Course Coordinators:** Full Prof. Željko Bartulović, Full Prof. Vesna Crnić-Grotić, Full Prof. Budislav Vukas., Full Prof. Anamari Petranović, Assist. Prof. Ines Matić Matešković

**Course objectives:**

Students will acquire appropriate knowledge on the state and legal status of Rijeka and international legal issues throughout the history. Students will acquire competence in independent study as well as in the use of disposable legal and historical sources on the topic.

**Course content.**

- I. State and legal position of the ancient Tharsatica and of the middleage Rijeka, Statute of Rijeka 1530.,
- II. State and legal position of Rijeka from XVIII century to 1918.
- III. International law acts and state and legal position of Rijeka 1918-1924.
- IV. International law acts and state and legal position of Rijeka 1941-1947.

## EUROPEAN CONVENTION FOR PROTECTION OF HUMAN RIGHTS AND FUNDAMENTAL FREEDOMS

**ECTS: 6**

**Course Coordinators:** Full Prof. Vesna Crnić-Grotić, Assoc. Prof. Maša Marochini Zrinski

**Course objectives:**

Students will acquire appropriate knowledge on the protection of human rights within the Council of Europe through the European Convention on Human Rights. Practice and recent developments in human rights by the European Court of Human Rights will be considered thoroughly. Students will acquire competence in independent study as well as in the use of disposable electronic data basis on the topic.

**Course content.**

### INTRODUCTION

Idea of Human Rights, Protection of human rights in Europe, Statute of Council of Europe, Human rights protection under Council of Europe, ECHR, Rights and freedoms in ECHR, Protocol No. 1, Protocol No. 4., Protocol No. 6., Protocol No. 7., Protocol No. 13. and Protocol No. 14, Restriction of rights and freedoms in ECHR, Position of ECHR in Croatian legal system

1. ARTICLE 1 OF THE CONVENTION

2. THE RIGHT TO LIFE: ARTICLE 2 AND PROTOCOLS NOS. 6. AND 13

- ~~3. TORTURE, INHUMAN OR DEGRADING TREATMENT OR PUNISHMENT: ARTICLE 3~~
- ~~4. SLAVERY AND FORCED LABOUR: ARTICLE 4~~

Jurisdiction *ratione materiae*, Jurisdiction *ratione personae*, Jurisdiction *ratione temporis*, Jurisdiction *ratione loci*, Composition of Court, Protocol No. 14., Procedures, Article 33. vs. 34.  
Exhaustion of domestic remedies, Just satisfaction, Advisory opinions

## LEGAL ENGLISH II

**ECTS: 4**

**Course Coordinators:** Ivana Edmonds, Lecturer

### **Course objectives:**

The main course objectives are to acquire legal terminology in the area of constitutional law and human rights and to develop language competence in these areas. The course is also aimed at acquainting students with the separation of powers in the countries based on a common law legal system.

### **Course content:**

IZVEDBENI NASTAVNI PLAN  
ak. god. 2022./23.

Unit 1 – The Croatian system of government (The Constitution of the Republic of Croatia, Separation of Powers in the Republic of Croatia, Powers of the President, Powers of the Government, Powers of the Parliament)

Unit 2 - Human Rights (Human Rights in the Constitution of the Republic of Croatia, European Convention for the Protection of Human Rights and Fundamental Freedoms, Expressing Prohibitions and Obligations, Modal Verbs in Legal English)

Unit 3 – The British system of government (The UK Constitution, The British Parliament, Parliament and the government in the UK, The British judiciary, The Law-making Procedure in the UK, Prepositions in Legal English)

Unit 4 – The American system of government (The US Constitution, The legislative branch in the US, The US Presidency, Impeachment, The Judicial branch in the US, The US Supreme Court, Marbury v Madison)

## RECHTSDEUTSCH II

**ECTS: 4**

**Course Coordinators:** Assist. Prof. Martina Bajčić

### **Course objectives:**

The main course objectives are to acquire legal terminology and develop language competence in the area of criminal procedural law and human rights. The course is also aimed at acquainting students with the language of indictments.

### **Course content:**

- 6.Lektion: Die Europäische Menschenrechtskonvention; Modalverben + Infinitiv Aktiv/Passiv;
7. Lektion: Die Rechtsprechende Gewalt in Deutschland; Rektion der Verben
8. Lektion: Die ordentliche Gerichtsbarkeit nach deutschem Recht; Präpositionen – ihre Kasusrektion und Funktion
9. Lektion: Das Strafverfahren bis zur Verkündung des Urteils in erster Instanz; Wortbildung
10. Lektion: Eine österreichische Anklageschrift

## LEGAL ENGLISH IV

**ECTS: 4**

**Course Coordinators:** Assist. Prof. Martina Bajčić

### **Course objectives:**

This course focuses on legal English. Some of the objectives of this course are to master legal English and enable students to use English in their practice of the law. Special attention is

devoted to legal drafting and case law analysis and discussion in English. Students also practice legal translation.

**Course content:**

- EU law (primary, secondary legislation, institutions)
- Company law (sole traders, corporations, partnerships)
- Conflict of laws and comparative law (PIL, applicable law, link between legal translation and comparative law)
- Judicial review (ultra vires, constitutionality, examples)
- Police powers

## RECHTSDEUTSCH IV

**ECTS: 4**

**Course Coordinators:** Assist. Prof. Martina Bajčić

**Course objectives:**

This course focuses on legal German. Some of the objectives of this course are to master legal German and enable students to use German in their practice of the law. Special attention is devoted to legal drafting and case law analysis and discussion in German. Students also practice legal translation. Pre-requisites: advanced knowledge (B or C) of German.

**Course content:**

- Scheidungsrecht (Rscheidungsrechtsreform in der Schweiz)
- EU-Recht (primäres; sekundäres; EU-Institutionen)
- Rechtsvergleichung (Zusammenhang mit Rechtsübersetzung)
- Handelsrecht (deutsches Gesellschaftsrecht)
- Arbeitsrecht (die Begründung eines Arbeitsverhältnisses nach österreichischem Recht)

## EUROPEAN LAW I

**ECTS: 8**

**Course Coordinators:** Assoc. Prof. Ana Pošćić, Assoc. Prof. Adrijana Martinović

**Course objectives:**

The course aims to provide students with basic knowledge of EU Law. Students will be able to recognise, analyse and correctly interpret sources of EU Law and compare and explain similarities and differences between particular institutes of EU and national laws. Students

will gain theoretical and practical knowledge which will allow them to apply rules and principles of EU Law in other law fields and apply EU Law in the national legal system.

**Course content:**

The concept of EU Law. Council of Europe. European Convention for the Protection of Human Rights and Fundamental Freedoms as pan-European standard. Development of the EU. Structure of the EU. Legal nature of the EU. Relations between EU and Member States. EU institutions. Sources of EU Law. General principles of EU Law. Legal protection in the EU. EU Law and national law. EU citizenship. Common market and the development of the internal market. Economic freedoms; free movement of goods, free movement of persons, free provision of services, free movement of capital and payments. Harmonisation. Agricultural and trade policy; other sectoral policies. Competition. Economic and monetary policy: economic and monetary union. Foreign relations. Republic of Croatia and the EU.

## CIVIL PROCEDURE LAW

**ECTS: 8**

**Course Coordinators:** Full Prof. Eduard Kunštek

**Course objectives:**

Acquiring the necessary knowledge of civil procedural law, including knowledge relating to dispute settlement in arbitration proceedings and the conciliation procedure, as well as basic knowledge of non-contentious and enforcement and notary law

**Course content:**

~~Civil Procedural Law: The basics of civil litigation procedural law (the notion and subject, the aim of civil litigation, the structure of civil litigation, civil procedural law, the structure of civil procedural law; the basic features, the development of various forms of legal protection, the protection of subjective civil rights, self-help, the reciprocal conditionality of civil and civil procedural law, civil law dispute, civil theory on the legal nature of the application of legal protection, the theory of concrete rights protection, the theory of the abstract right to legal protection, the right of access to court, the contemporary views on the legal protection requirement, the legal nature of litigation, the procedural preconditions, the form in the process, civil litigation procedural law; the relationship between civil procedural law and other procedural disciplines (delimitation between civil and non-procedural proceedings, basic differences between civil and non-procedural proceedings, basic non-procedural procedures, rules of conflict between civil and non-judicial proceedings, civil and enforcement proceedings); the validity of (application of) civil procedural law (principle of territoriality, international jurisdictional jurisdiction, lex fori, principle of universality, exemption from jurisdiction, derogation and extension of jurisdiction of the domestic court, mutual jurisdiction for actions against foreign nationals, party and civil capacity of~~

foreigners, the use of language, the insurance of civil expenses and the penal justice, the mutual independence of civil and criminal justice, the constitutionality and lawfulness of the Constitutional Court, the decisions of the Constitutional Court and their legal consequences, mutual affiliation of civil and criminal justice, solving previous issues of criminal law in a civil lawsuit, adhering to civil law disputes in criminal proceedings, other adherence proceedings, separation between litigation and administrative proceedings, relationship between judicial and administrative bodies during the proceedings; legal nature of previous issues; attachment to the decision of the competent body on the previous question; self-solving of the previous question; the basics for seeking legal aid; legal assistance between domestic and other bodies; international legal aid); the principles of civil litigation procedural law (the principle of constitutionality and lawfulness, the principles of dispossession and openness, the principle of legal interest, the principle of economics, the principle of hearing parties, the principle of seeking the truth, the discourse and inquiry principle, the principle of directness, the principles of orality and literacy, the main principle of discussion, the principle of publicity, the principle of providing assistance to non parties, the principle of conscientious use of process authorizations); litigants [regular court organization in the Republic of Croatia; basic principles of organization and functioning of regular courts; judges; composition of the court; exemption of judges; State Attorney; Attorney; competence in general; actual jurisdiction; local authority; functional competence; the agreement of the parties on jurisdiction; examination of jurisdiction; conflict of jurisdiction; parties in lawsuits; party ability; civil ability; procedural legitimacy; representation in lawsuits; representatives of legal persons; legal agents; proxies]; civil actions of the parties, litigation of the court, the language of the court and the parties, submissions, minutes, delivery, deadlines, hearings, reinstatement); types of lawsuit, declaratory lawsuit, condemnatory lawsuit, constitutive lawsuit, content of lawsuit, lawsuit against the Republic of Croatia; reinstatement of the lawsuit; withdrawal of the lawsuit; dismissal of the claim); the participation of several parties in the lawsuit; costs of proceedings (civil expenses, exemption from pre litigation costs, civil liability insurance);;

H. court decisions (judgment in general, type of judgement, declaratory judgement, condemnation judgement, constitutive judgement, full judgement, partial judgment, adjudication, interlocutory, judgment based on confession, judgment on absenteeism, judgment on absurdity, judgment without holding the main hearing; publishing the judgement, writing the judgement, correcting the judgement, ruling); validity (content of finality, appearance of validity, objective limit of validity, subjective limit of validity, time limit of validity); legal remedies (appeals against the judgement, grounds for appeals against the judgement, appeals against the judgement, trial boundaries of the first instance judgement, appeals against decisions, revision, recurrence of proceedings, repeat proceedings against the final judgement of the European Court of Human Rights, the relationship between noncontentious legal remedies); special procedures (marital and family disputes, disputes over property bans, disputes in matters of low value, issuance of payment orders, commercial disputes).

2. Arbitration and conciliation.

3. Non-contentious procedural law (basics).

4. ~~Enforcement law and insurance procedure (basics).~~

5. ~~Notary Law (basics).~~

## INTERNATIONAL LAW OF THE SEA

ECTS: 5

**Course Coordinators:** Full Prof. Vesna Crnić-Grotić, Full Prof. Sandra Fabijanić Gagro, Assoc. Prof. Petra Perišić

### **Course objectives:**

The main objective of this course is acquiring basic knowledge on international law of the sea, its sources, differences between maritime areas, rights and obligations of the coastal state, division and legal position of ships in different areas, and the basic rules of warfare at the sea.

## MARINE ENVIROMENT PROTECTION LAW (Online course)

ECTS: 6

**Course Coordinators:** Full Prof. dr. sc. Dorotea Ćorić, Assoc. Prof. Iva Tuhtan Grgić

### **Course objectives:**

The objective of the course is to provide students with a detailed knowledge in the field of marine environmental protection law, with the focus on the regulation regarding ship-source pollution. As the protection from pollution of the marine environment is a problem that is dealt with at the global, regional, sub-regional and national levels, and the successful implementation of which requires a close cooperation between neighbouring countries, international organisations (IMO) and the European Maritime Safety Agency - EMSA, the aim

is to make students aware of the multi-layered nature of this subject. The aim is to encourage students, after analysing international, European and national regulations in relation to marine pollution from ships, to reflect on the reasons for their adoption, the relationship of European and international law to national regulations, and the directions in which these legal sources could and should be developed to ensure a greater degree of protection of the marine environment. Students are encouraged to discuss and develop their independence and critical thinking skills. Finally, the aim of this course is the successful application of the acquired knowledge to practical cases, through the case study method, as well as through group work on a practical assignment.

### **Expected learning outcomes:**

Upon successful completion of this course, students will be able to:

1. compare national and international legal sources on marine environmental protection and explain their scope of application;
2. analyse and interpret sources of marine environmental law;
3. explain and compare legislative and enforcement jurisdiction of coastal state regarding the marine pollution prevention;
4. analyse, comment and present civil liability regimes for marine pollution from ships;
5. analyse Croatian legislation on state administration, local and regional self-governments and entities that exercise public powers or perform public functions active in the field of marine environmental law

### **Course content:**

#### I. Part - Marine environmental protection law – public law aspects

Introductory notes: definition of marine environment and marine pollution, sources of marine pollution, ship as a source of marine pollution, historical development of marine environment protection law at the international level

UN Convention on the law of the Sea, 1982: legislative and enforcement jurisdiction of the coastal state, port state and flag state

Prevention of marine pollution: main international conventions concerning prevention of marine pollution from ships, analysis of selected provisions

#### II. Part - Regional cooperation in marine environmental protection

Regional cooperation in marine environmental protection: the Barcelona Convention, other forms of cooperation in protection of the Adriatic Sea, dealing with pollution emergencies, the Intervention Plan in the Republic of Croatia, wreck removal

III. Part – Civil liability for ship-source pollution

Civil liability – special international regimes of liability for ship-source pollution, civil liability for pollution from off-shore platforms

## **EUROPEAN ADMINISTRATIVE LAW**

**ECTS: 6**

**Course Coordinators:** Full Prof. Dario Đerđa

### **Course objectives:**

Main goal of the course is analysing organisation of the executive and administrative bodies of the European Union, analysing relationship of the institutions and other bodies of the European union, as well as relationship of the institutions and other bodies of the European Union and Member States, analysing implementation of the European law on the supranational and national levels, specifically in the legal system of the Republic of Croatia, administrative adjudication in the European Union and judicial review of the administrative adjudication.

### **Expected learning outcomes**

After attending the course, it is expected that student will be able to:

- Define, describe and explain sources, subjects, objects and other institutes of European law
- Explain and analyse influence of the European law on the administrative law of the Member States
- Interpret and implement legal rules and principles of the European law
- Conclude about existing relevant facts in administrative procedure
- Apply procedural rights in the administrative procedure
- Elaborate administrative decision
- Identify and explain mechanisms of the review of the administrative decisions and actions

### **Course content**

I. Introduction: Notion of the European administrative law; sources of the European administrative law (primary law, secondary law, general principles of law, European Court jurisprudence); Extension of the European administrative law; Relationship of the European administrative law and national law systems in the Member States.

II. Executive and administrative branch in European Union: Organisation of the European union; European Commission; Council; Administration; Agencies; Comitology.

V. Administrative procedures in the European Union: Notion of the administrative procedure; Legal regulation of the administrative procedures in the European law; Administrative procedures on the supranational level; Administrative procedures on the

supranational and national level; Administrative procedures on the national level of the Member States.

VI. Administrative dispute in the European Union: Jurisdiction; Matter of dispute; Disputable grounds; Parties in administrative dispute; Conducting of the administrative dispute; Court powers.

## ADMINISTRATIVE SCIENCE (Online course)

**ECTS: 8**

**Course Coordinators:** Assoc. Prof. Dana Dobrić Jambrović; Assist. Prof. Mariza Menger

### **Course objectives:**

- The course presents a thorough and systematic coverage of public administration theory and practice.
- Focus is on the history and development of public administration, issues regarding public servants (status, employment, merit system, ethics), modern public administration reforms (New Public Management), leadership in public administration, relationship between public administration and political system, local self government.
- Attention is given to public administration of non-democratic, totalitarian regimes.

### **Course content:**

Public administration theory; Organization theory; History and development of public administration; Public administration and political system; Public administration of non-democratic, totalitarian regimes; Public servants; Leadership in public administration; Local self government.

## A TAXATION OF THE DIGITAL ECONOMY (Online course)

**ECTS: 6**

**Course Coordinators:** Full Prof. Nataša Žunić Kovačević, Assist. Prof. Stjepan Gadžo

### **Course objectives:**

- The course presents a detailed and systematic coverage of issues in the field of the taxation of digital economy
- Focus is on the recent developments in taxation, issues regarding modern approach in the taxation, relationship between traditional and modern tax systems

- Attention is given to the reforms and new approaches.

The aim of the course is to provide specific knowledge about the modalities and trends in terms of taxation of the so-called digital companies, i.e. entrepreneurs whose main activity is the delivery of digital goods and services. Special emphasis is placed on the analysis of the international legal framework for the taxation of profits of digital companies, which is currently in the process of transformation. By focusing on the latest multilateral initiatives in the process of reforms in the field of the corporate taxation of digital companies, students will also learn about fundamental issues that dominate the scientific and policy debates on cross-border transaction taxation (e.g., distribution of tax rights between source and resident countries, the role of intangible assets and etc.). The practical relevance of the course is ensured primarily through student work on case studies, ie analyzes of typical business models of digital companies and related tax risks.

### **Course content:**

1. Fundamentals of international tax law; 2. Examples of business models of digital multinational companies and analysis of basic tax consequences; 3. BEPS measures regarding digital company taxation reforms; 4. Proposals and measures of the European Union regarding the taxation of digital companies; 5. Case studies in the light of new reform proposals.

## **INTERNATIONAL HUMANITARIAN LAW**

**ECTS: 5**

**Course Coordinators:** Full Prof. Sandra Fabijanić Gagro

### **Course objectives:**

The main objective of the course is to acquaint students with the international customary and treaty rules aimed at solving humanitarian problems closely related to armed conflicts of nowadays. The course is focused on history, tradition and contemporary aspects, challenges and possible changes of international humanitarian law.

### **Course content:**

*The main Currents:* The Hague, Geneva, New York. *The Law Before the Protocols of 1977:* Character of the Law. Scope of Application. The Hague. Geneva. Implementation and Enforcement. *The Protocols of 1977:* Protocol I. Protocol II. *Post-1977 Developments:* *Substantive Law:* Conventional Weapons. Nuclear Weapons. Bacteriological and Chemical Weapons. Cultural Property. Warfare at Sea. *Post-1977 Developments: Implementation and Enforcement:* The ICTY and the ICTR. ICC. Observance by UN forces of IHL. Collective

responsibility and compensation for violations. National Jurisdiction and Individual Responsibility. The ICRC. Human Rights Bodies and IHL.

## INTERNATIONAL COMMERCIAL LAW

**ECTS: 6**

**Course Coordinators:** Assoc. Prof. Mihaela Braut Filipović

### **Course objectives:**

This course is aimed at acquiring skills of legal argumentation and writing in the field of international commercial law, with the focus on international sale of goods contracts. Critical thinking in both drafting the contracts and arguing for different parties in dispute is a main objective of this course

### **Course content:**

The main topics of this course are sources of international sale of goods contracts, UN Convention on Contracts for the International Sale of Goods (CISG), application of CISG and building argumentation for seller and buyer in the case of a dispute, critical assessment of some important issues when drafting the international sale of goods contract, transfer of risk in sale of goods contracts, how to choose between various methods of payment in international trade, and the role of commercial agency in international trade.

Student shall be encouraged to debate and write the arguments for the disputed parties based on a hypothetical case. For that purpose, students shall analyze available case law and scholarly writings, all available in English.
